

Helping 1 in 10 active duty Coast Guard members each year

That's the Power of CGMA

For more than 100 years, Coast Guard Mutual Assistance (CGMA) has provided aid to members of the U.S. Coast Guard community. Whether it's disaster relief, rental assistance, government shutdown loans, or education support, we unite as one to serve many. Since we're 100% funded by donations, your support is critical to helping our members in need.

WE RESPOND TO THE NEEDS OF THE COAST GUARD COMMUNITY IN THREE KEY AREAS

DISASTER AND EMERGENCY RELIEF

Rapid assistance for evacuation and urgent aid for repairs brings safety, stability, and hope

EDUCATION ASSISTANCE

Education grants and interest-free loans to foster academic pursuits, and goals

DAY-TO-DAY SUPPORT

Grants and interest-free loans to support PCS moves, special needs and adoption, unexpected car or home repairs, and more

"Knowing we had support made this experience a bit more manageable. We look forward to paying it forward and donating back to CGMA in the future."

ALMA FAMILY, CGMA CLIENT

DONATE TODAY!

CGMA is 100%
funded by donations

That's the Power of Us

We delivered over \$12 million to more than 4,000 members and their families in need last year. Unfortunately, donations have declined significantly over the last two decades, while requests for support have surged.

Coast Guard Mutual Assistance (CGMA) relies on support from people like you — not government funding.

That's why your donation is more vital than ever.

The easiest way to donate is through payroll allotments. Whether you give \$5, \$20, or \$100, *every dollar makes a difference.* Together, we can ensure CGMA has the resources to continue supporting our shipmates in their time of need.

"In the year ahead, CGMA needs our continued support. By giving back, we keep vital assistance within reach for those who need it most and strengthen our ability to remain Always Ready."

ADMIRAL KEVIN E. LUNDAY
COMMANDANT,
U.S. COAST GUARD
